Frequently Asked A La Carte Questions

What is considered a second breakfast or second lunch?

It is a second full meal. It contains an entrée, a choice of milk, fruit, and vegetables.

What is considered a breakfast or entree side?

It is an individual entree item after purchasing a full breakfast or lunch meal. For example, it could be a second hamburger.

Why does my student have to pay for milk if school lunch is free?

Milk is included in a full breakfast or lunch meal. If a student is purchasing milk by itself (for example: if they brought lunch from home and wanted milk to go with their brought lunch), or if they are buying a second milk with their school breakfast or lunch, it is considered an a la carte item.

All students are able to purchase a la carte items, however, if you wish to restrict purchases on these items, you may do so on your SchoolCafe account. (Please note that any item that is not prepackaged cannot be restricted as we cannot resell it once it is touched by a student).
